

Strangers passing in the street
By chance, two separate glances meet
And I am you and what I see is me
And do I take you by the hand
And lead you through the land
And help me understand the best I can?

And no one calls us to move on
And no one forces down our eyes
No one speaks and no one tries
No one flies around the sun

Cloudless everyday
You fall upon my waking eyes
Inviting and inciting me to rise
And through the window in the wall
Come streaming in on sunlight wings
A million bright ambassadors of morning
